*Attention: To Whom It May Concern*

Dear Sir / Madamme

*Letter of Recommended Service*

Gate and Door Control have been the approved Gating / Access contractor for the Meccematwo Estate, from before my tenure as the Security Manager for the Estate, I have been in the employ of the Estate Management Association for the past seven years.

Gate And Door Control provide a multi faceted service with regard to Access Control, ranging from Gated to Boomed Access in all their forms, whether Swing or Slide or Vertically operated systems. This also includes the Electronic Systems which operate the gates and / or Booms.

Gate and Door Control also Custom Design, Manufacture and Install Access Control Systems to meet the needs of specific sites.

Lastly, I have found Gate and Door Control to be a Professional Operation which renders service efficiently and as speedily as possible.

Yours sincerely,

**Roland Friskin**

**Assistant Security Manager / SHEQ Rep. - Meccema Two**
